**BOARD**

**Monday 10<sup>th</sup> March 2008**

**LAA (1) QUARTER 3 PERFORMANCE & REWARD TARGET RISK**  
**ASSESSMENT**

**REPORT OF THE STRATEGIC SENIOR OFFICER GROUP (SSOG)**

**Purpose of report**

1. To update the Board on performance on meeting the targets in the current LAA.

**Report**

2. A summary of performance is attached (Appendix A), including comments on indicators with a red risk rating of not achieving the target. SSOG decided not to make any intervention at this time.
3. In December 2007, SSOG agreed to recommend that the County Council release £530,000 of additional investment (set against future reward payments) to improve reward target performance. This was based on the risk assessment set out in Appendix B, which identified that some targets could be met at the 60% threshold at which reward payment is triggered.

**Recommendation**

**It is recommended that the Board:**

- (a) considers current performance at Quarter 3**
- (b) endorses the decision to invest in reward target performance**
